

MEADOWBANK MARVELS

40 students, who were either in the production music group or contribute to music groups at Meadowbank School, came along to an Auckland Philharmonia Orchestra 'Kiwi Kapers' performance at the Town Hall last Thursday. The theme was Fire and Passion and the children were introduced to the different sections of the orchestra and treated to a dance extravaganza to the Music of Tchaikovsky's Romeo and Juliet Fantasy Overture.

Beeswax Wraps

This term Year 3 have been studying bees. Bees play a critical role in the pollination of plants and they have been looking at ways they can make a healthy environment to ensure bees can thrive. As part of their learning they made beeswax wraps, reducing the need for plastic wrap and creating a reusable and sustainable alternative.

Talent Quest

On Monday, Year 3-6 children participated in the annual talent quest. Meadowbank has exceptionally talented children and the afternoon was incredible. To quote one of the judges, "it was more exciting than a Katy Perry concert!"
